- We combine your big ideas with our professionalism, add a generous dash of innovation, and then bring all the details together, using our thorough and methodical approach. The result is a fantastic and memorable event of exceptional quality
- **Successfully organized 128 exhibitions, 72 conferences, 39 Vendor Development Programs in the last 22 years; Paramount has engraved the name of trust in the domain**
- We organize Industrial, Machine Tools & Automation, Electrical & Energy, Pharma Bio-Tech, Laboratory, Medical Equipment, Automobile, Architecture, Building & Construction exhibitions & conferences
- The admirable class of event infrastructural material/ interiors is being furnished by our own sister concern M/S PARAMOUNT EVENT MANAGEMENT & INFRASTRUCTURE SOLUTIONS

About the *expo*

I am delighted to announce an initiative of PARAMOUNT EXHIBITORS organizing India Auto Fair which is scheduled to be held at all over India. As globalization intensifies, so does competition among businesses. Innovation is essential to survive in the current climate. The India Auto Fair is a multi-faced trade event offering state-of-the-art trends, technologies and new innovations in automobile engineering, design, and manufacturing.

The objective of organizing this event is to provide a platform to the exhibitors to present their organization to a highly internationalized audience focusing on investments in the sector, increase their brand's recognition, and develop new business relationships and gather business leads. It brings together professionals and industry experts to share valuable experienced knowledge and innovative ideas to make advanced in the Automobile Industry.

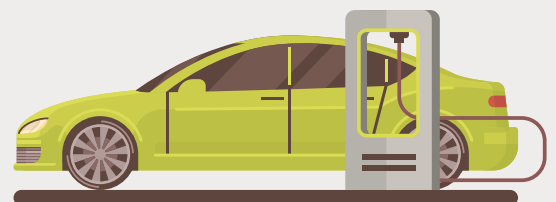

Conference rooms and business lounges for manufacturer dealer meet and company presentations have been incorporated in the plan for India Auto Fair to promote company message/ launching of new products, technology, services and appoint dealers and build contacts.

A perfect place to build your professional network with existing suppliers and connect with potential suppliers and partners.

I would urge you to come forward and participate wholeheartedly. Just in case of any queries, please feel free to get in touch with me.

E-VEHICLES

Technology has the power to make our imaginations a reality. While the petrol fare is rising up to choking limits; there won't be a person not inquisitive to know more and simply owning a car that charges on electricity. Simply the way we charge our mobiles. Just as there are a variety of technologies available in conventional vehicles, plug-in electric vehicles (also known as electric cars or EVs) have different capabilities that can accommodate different drivers' needs. A major feature of EVs is that drivers can plug them in to charge from an off-board electric power source. This distinguishes them from hybrid electric vehicles, which supplement an internal combustion engine with battery power but cannot be plugged in. There are many whys and wherefores to make your next vehicle purchase an electric car. Lower fuel costs, environmental stewardship, and energy independence are all compelling reasons to go electric with your next car.

Participation *benefits*

To offer exhibitors and sponsors maximum leverage; an effective advertising campaign has been launched in print and electronic media designed to reach the target audience well ahead. Following are the effective promotional execution mediums:

- Advertisement in national newspapers and industrial journals & TV commercials
- Hoarding, Banners, Posters, Stickers on Vehicles and other promotional materials
- Direct Mailers & e-mailers
- Special personal Invitations/ Telemarketing
